- 17 inspection
- 18 impression
- 19 correct
- 20 depression
- 21 impress
- 22 process
- 23 select
- 24 procession
- 25 protection
- 26 elect

### Reading

Students are working on literature circles and Daily 5.

<http://5a2011.wikispaces.com/Literature+Circles>

### Writing

We created 6 part sentences this week that were excellent!

D.L.I. Focus: Subjects and Predicates are needed in sentences

Next week: Comma Review and Intro: Phrases in a Series

### Homework Club

Carrie Martin's Homework Club will be meeting every Tuesday!

### Bobcat Ridge

The Bobcat Ridge Field Trip was wonderful! We were lucky to have sunny weather for our hikes. The students learned about land features, animal habitats, history of the land, and more.

### Math

We are continuing with multiplication practice. Students are starting to review double-digit subtraction in class. Subtraction should be a review, so please practice this at home as well. It is also a good idea to let children count money and talk about adding and subtracting with dollars and cents when shopping or looking through advertisements.

All classes are completing multiplication facts in class. If students are not passing with a 90% or better, they need to be studying EVERY night.

### Science/Social Studies

Unit: Taking Care of Our Earth.

We will be ending this unit with a quick quiz over vocabulary terms next week.
